

.223 Remington

Lapua's .223 Rem. ammunition is made of superiorly accurate Lapua bullets and the world's best match grade Lapua cases.

Lapua case

- Produced with extremely tight tolerances including neck concentricity, base straightness and wall thickness
- Large volume ensures high velocity potential
- Strong case construction, optimized strength and grain structure allow several reloading cycles

Lapua bullets

- Known for their accuracy and superior ballistic design

Featured product: Aficionado+ 69 grs Scenar HPBT

- Highest velocity 69 grs HPBT factory ammunition available
- 3035 fps muzzle velocity gives extended effective range and excellent accuracy

For the real aficionado

Please check www.lapua.com for more information.
